APRIL IN SUNALTA

April is here... even if Calgary is holding onto winter just a little longer. At the SCA, we're leaning into the season ahead, longer days, fresh energy, and plenty of reasons to get out and connect!

This month is packed with free programs for everyone, from a calming watercolour workshop to a hands-on up-cycling class, and our much loved communal gardening programs are back, giving Sunaltians a chance to gather, grow, and enjoy the soil together. Some programs require registration, so be sure to check the links below and save your spot.

Join us for Community Soup & Games Night with Scarborough United Church on April 17th, then stop by our Mini Markets on April 11th and 25th! Grab a drink from Sunalta Coffee Co and enjoy browsing our local vendors.

Our Growing Smiles fundraiser is also underway this month, supporting the CA while helping you bring a little spring home.

Whatever way you choose to show up, we appreciate your support! Every visit, cup of coffee, volunteer hour, or fundraiser contribution helps keep our community vibrant and thriving. Check out all the details below in the newsletter, we can't wait to see you out and about this month!

The City of Calgary Sunalta Main Street project has been engaging with community members to shape a shared vision for the future of 10th Avenue SW.

As the project moves into its next phase, the City and community partners are inviting residents, businesses, and neighbour champions to come together for a Sunalta Community Activation Connector Event.

You'll hear from organizations including BUMP, and the Federation of Calgary Communities with ActivateYYC and the Good Places Project, and learn about City of Calgary initiatives such as the Community Food Futures CoLab, the Innovation Lab, the pop-up SeaCan Parklets and Patios program, and more! Join us to learn how to bring projects like these to life in Sunalta!

Registration is free, but space is limited. [REGISTER HERE](#)
